The Various testimonials of Govindasetty tend to show that he is more an empirical practitioner and vendor of drugs, hairoils, scents, toothpowders &c like than a trained pandit in the Ayurvedic System of medicine. Attention is invited to G.O. No. Mur 304-10-2 dated 18th July 1912 laying down that preference will be given to men passing out of the Mysore Ayurvedic College when appointments of Vaidyas are made. I visited the Ayurvedic Vaidysshala kept by Mr. Govinda Shetty.

There are certain preparations of his which seem to be greatly in demand by his constituents many of - whom are English Educated people in good positions. He enjoys the confidence of the public of Devanahally and is reported to have successfully cured some Plague - cases. He also seems to have picked up some Knowledge of English Drugs and makes use of them.

He is symptahetic in his dealings with the public and is greatly helpful I am told to poor people.

I have used Vaidya Govinda Chetty's Bhringamalaka Tailam which has proved very beneficial to me. It keeps the head cool and is a good remedy for the strain on the eye-sight. It has a mild and agreeable fragrance and - softens the hair. His balm is a sure remedy for headache of any sort and for muscular pains. Mr. Chetty also - prepares excellent sherbats and Jams for which he has obtained medals in the Mysore Industrial Exhibition. He is a reliable physician, and unlike many of his profession, - will be the last man to neglect a patient on his bed. He is also the proprietor of an aerated water manufactory - which turns out mineral waters quite as good and pure as any obtainable from the best manufacturers in South Parade, Bangalore.

Dear Mr. Govinda Chetty,

The tooth powder which you had been kind enough to supply me was used by me and I found it to be extremely efficacious; the price at which you sell it is nothing when compared with expense it does to those who use it.

Your Juvara Hari and Vatha Hari and Hair Oils, Medicines are no doubt very effective.

I am very glad to hear that you are very popular - with Devanahally people and they have much confidence in your medicines.

When I was suffering from fever your Juvara Hari - cured me by 3 doses.

I wish you every success.

I have much pleasure in certifying that Mr. M. Govinda Chetty is a native doctor, possessing skill and experience above the average of his class and - that his care and attention to his patients are very praiseworthy, and in marked contrast to the apathy - displayed by too many of the present day. He is popular and sympathetic in his treatment and is generous in his behaviour. I have observed during the last - four years that several badly inveterate cases having been cured under his able treatment. He handles both Native and English Drugs. He can be entrusted to any case in the capacity of a veteran native doctor. He deserves every encouragement.

Especially "Javara Swadha" and the tooth-powder prepared by him have been immensely useful to me,whenever I had the necessity of making using of them. The tooth-powder was found to be the excellent - and immediate cure for tooth ache. His constant use - will no doubt brings on very good result as regards pains- killing of toothpain. He is proficient in his medical knowledge and practice and I have known some instances of intricate and complicated of diseases treated and cured by him. He prepares good hair-oils, halvas or Lehams as well as drugs. He got a Bronze medal and was also made Hon'ble mention of in the last Mysore Industrial and Agricultural Exhibition., i.e., of 1909. During Plague seasons he is always the first by the bed-side of the sufferers. He knows many arts in addition to Medicine; With good encouragement and capital, he is sure to become one of our most useful Practitioners, though his name at present has sufficiently spread wide enough.
